

**JOPPA HILL FARM - 312 Acres
AMHERST & BEDFORD, NH**

AMHERST

BEDFORD

On weekdays, gates may be open that block the trail in this section. They allow horses to graze in the western field. The trail will remain open (unblocked) on weekends and evenings to allow full access for hikers.

Educational Farm - Parking available
For the health and safety of the farm animals and the users of the trails:

- Do not feed the animals
- Dogs on leashes only
- Clean up pet waste

The BLT is working with the Farm to purchase and install pedestrian gates to allow trail access at all times. Keep an eye on our Web site for updated maps and information. www.bedfordlandtrust.org
In the meantime, please respect the workers at the farm and do not climb the gates if they are closed. Animals may be being transported from field to field and could escape or get spooked.

..... Hiking Trail ~2 Miles in Length
